### Enrollment Process

#### Check available cohorts

All open availability and deadlines can be found on our [Enrollment website](#) under Step 2 "Check cohort availability". This document has all enrollment windows and enrollment deadlines.

#### Register for access

Fill out this [form](#) identifying which cohorts you would like to register for. This is **NOT** a confirmed reservation but provides you system access to enroll during the enrollment window.

#### Enroll participants

Once an enrollment window opens, directly submit names of your participants in the Enrollment Portal to officially confirm seats. This is **first come first served until the cohort is full** and all names must be submitted by the enrollment deadline.

#### Look out for welcome comms

Prior to your cohort's kickoff (6 weeks for ELP and 4 weeks for MA and LE), you will receive a cohort Welcome email with all the specific logistics of your cohort. Prior to this time, visit the [PC hub](#) to find program resources and dates.
